## "WILSON BREAKS PEACE CONFERENCE" CHARGE ITALIANS

### GERMANY BOWS TO ULTIMATUM

Envoys to Paris Will Have Full Power to Negotiate Treaty of Peace.

### JAPAN MAKES DEMAND

Orlando Fails to Attend Big Four Session and Intimation Is Given Out That Japs Stand With Italy.

Paris, April 23.—The German government has yielded to the virtual ultimatum of the Entente nations relative to sending "mere messengers" to the peace congress at Versailles and will be represented by a delegation having full powers to negotiate a treaty of peace.

This closes what for a time seemed to threaten a grave complication in the work of the congress. It is probable, however, that the actual meeting of the Allied and German delegates will not occur until April 28, as the change in the German plans and the physical impossibility of having the official draft of the treaty ready for presentation April 25 makes a postponement imperative.

Germany is ready to call for a plebiscite on the treaty, it is reported from Berlin.

The Italian situation is a source of much concern in Paris. President Wilson, still opposed to the recognition of the treaty of London under which Italy lays claim to Fiume and the Dalmatian coast, has prepared a statement on the subject which will be made public if the deadlock continues, it is said.

Japan Demands Ratification. President Wilson and Premiers Lloyd George and Clemenceau considered the Japanese questions presented by Baron Makino and Viscount Chinda.

Japan demands ratification of her occupation of Kichow and the Shantung peninsula.

Japanese representatives conferred informally with the Chinese delegates regarding an amicable settlement of the question which involves territory that is admittedly Chinese and which was to be awarded to Japan under a secret treaty similar to the pact of London on which Italy's demands are based.

Unrest in Italy. It is reported that conditions in Italy are such that a revolution, either bolshevik or republican, is likely soon. Distribution facilities are poor, the coal supply is greatly reduced and the whole nation is known to be uneasy. Socialistic demonstrations are becoming more common and harder to suppress.

President Stands Firm.

Washington, April 23.—Administration officials were advised in a confidential cablegram from Paris that in the consideration of problems confronting the peace conference, such as Italy's Adriatic claims and the question of an alliance to protect France from future aggression, President Wilson would take no action which might in the slightest degree jeopardize the League of Nations or conflict with its fundamental principles.

The outcome of the apparent deadlock over Italy's Adriatic claims is awaited in official quarters here with evident anxiety. The situation as pictured in press dispatches, is regarded as serious and there was no message from Paris similar to those of last week reporting gratifying progress at the peace table.

### FRENCH TO DESTROY GATES

Have Bad Effect on Sanitary Conditions at Strassburg.

Strassburg, April 23.—The belt of stone gates and walls which has surrounded Strassburg for hundreds of years is to be loosed slightly by the destruction of four gates and some of the ramparts.

The gates and walls had a bad effect on sanitary conditions.

The gates to be torn down are known as the Saverne gate, the Pierre gate, the Shirmek gate and the National gate.

### WANTS TEN THOUSAND MEN

War Department Recruiting Soldiers for the Orient.

Washington, April 23.—Recruiting of a force of 10,000 soldiers to protect American possessions in the Pacific has been ordered by the War department. These troops will be used to increase the garrisons in the Philippines, China, Hawaii and the Panama canal zone. War department officials deny that this force is being organized because of recent clashes between Americans and Japanese in China and Korea.

#### ADMIRAL BENSON

Awarded Navy Distinguished Service Medal.

Admiral William S. Benson has been awarded the navy distinguished service medal by direction of President Wilson. Admiral Benson is now at Paris and presentation probably will not be made until his return to the United States.

### FOLLOW RAILWAY LINE

Russian and Allied Troops Advance Twenty Miles.

Anarchist Forces Suffer Defeat and Lose Heavily in Killed, Wounded and Captured.

Archangel, April 23.—Russian troops operating with the Allied Murmansk force, by an advance of about 20 miles southward over a road paralleling the Murmansk railroad line about 30 miles to the east, have reached a point within easy striking distance of Lake Onega, which is connected by a chain of lakes and canals with Petrograd.

The advancing troops attacked Vojmosalma, which is 300 miles east of Urodero, on April 17 and took the village. They then pursued the Bolsheviks down the main road toward Provenets. The enemy made a stand at Petrovinki and Yam but were attacked, 28 of the Bolsheviks being captured and the enemy suffering a large number of casualties in killed and wounded. The Allied casualties were light.

Continuing their slow advance down the Murmansk railroad, the forces of the Allies now are approximately 10 miles south of Urodero.

The Archangel front is quiet at present.

### President Wilson Issues Statement Declaring America Must Stand By Principles

BY CARL D. GROAT, (United Press Staff Correspondent)

Paris, April 23.—"President Wilson's statement has broken up the peace conference," a member of the Italian delegation declared this afternoon. The delegate said Premier Orlando will leave for Rome tonight or tomorrow and that the remainder of the delegation will go as quickly as possible thereafter. Orlando declined to comment on the president's statement beyond intimating that Italy's response might take the form of some definite action. This was interpreted as meaning possible withdrawal. President Wilson in his statement declared flatly that Italy cannot have the port of Fiume.

### Martial Law Established in Bremen by Communists

(By United Press)

Amsterdam, April 23.—Communists have established martial law in Bremen a dispatch from these said today. All shops, restaurants, theatres and churches have been closed and the public are not allowed on the street at night.

### American War Deaths Total 75,334

(By United Press)

Washington, April 23.—The total casualties of the American expeditionary forces were 285,950 according to the latest corrections. Total deaths, 75,334.

### SOVIET SEIZES TURKEY

Anarchist Government Declared at Constantinople.

Hungarian Government Resigns Under Pressure of Rumanian Troops — Bela Kun Is Out.

Paris, April 23.—According to a telegram received here from Kiev quoting the Bolshevik representative at Odessa, a revolution has broken out in Turkey and a soviet government has been declared. A revolutionary committee has been established at Constantinople. The message also says that the Turkish consul there has received official announcement of the change in government.

Hungarian Government Fails.

Amsterdam, April 23.—The Hungarian government, headed by Bela Kun, has resigned under pressure of Rumanian troops, according to a dispatch to the Central News from Vienna, quoting reports received in that city by aerial mail from Budapest. Wild chaos is said to prevail at the Hungarian capital.

It is reported that Czech forces have joined the Rumanians and have defeated the Hungarian soviet troops.

Socialist Government Restored.

Munich, April 23.—The Red Guard garrison, by a coup d'etat, suddenly overthrew the soviet dictatorship, permitting Premier Hoffman to restore the socialist government. This is the second time the socialists have been restored to power since their initial overthrow by the communists.

### \$500,000,000 Victory Bonds Sold First Two Days

(By United Press)

Washington, April 23.—The treasury department today estimated the sale of Victory Bonds the first two days of the campaign totalled \$500,000,000.

### PLEAD GUILTY TO MURDER

Two Michigan Youths Given Solitary Confinement for Life.

Kalamazoo, Mich., April 23.—The severest penalty provided in the Michigan criminal statutes, solitary confinement for life, was imposed in circuit court upon George E. Bird, 15 years old, and Arthur W. Sterling, aged 20, when they pleaded guilty to a charge of murdering Walter W. Mattison, leading druggist here, in his store last Friday night.

### IRISH OPPOSED BY TROOPS

Halted at Sarsfield Bridge, Not Allowed to Cross.

Limerick, April 23.—Five hundred strikers were held at the Sarsfield bridge here, refused permission by soldiers to cross. The 500 strikers went outside the military limits of the city and were not permitted to return over the bridge, because they would not show military permits.

Censorship Rules Modified.

Washington, April 23.—Modification of British censorship regulations to permit the use of private code in cablegrams passing through London for the United States to South America was announced by the Navy department.

William Norton Showers Dead.

Bloomington, Ind., April 23.—William Norton Showers, 74 years old, of the Showers Brothers company, said to be the largest furniture manufacturers in the world is dead here.

Trolley Injunction Lost.

Washington, April 23.—Federal court decrees dismissing injunction proceedings brought by the United railroads of San Francisco to prevent the city from constructing and operating a municipally owned street car system on streets where the company already had tracks were upheld by the supreme court. The fight between the company and the city started in 1912 when the latter began the construction of street car tracks paralleling those of the company.

### Italians Fail to Attend Peace Conference

BY FRED S. FERGUSON, (United Press Staff Correspondent)

Paris, April 23.—The big four was expected today to continue the discussion of the Japanese claims to Chinese territory based on the secret treaty to which Great Britain, France, Italy, Russia and Japan were parties. Premier Orlando decided not to attend the meeting this morning. Admiral De Rival left for Italy last night and General Diaz was scheduled to depart tonight. Orlando and Foreign Minister Sonnino may possibly accompany Diaz, though as far as is known this is not decided upon. Word reached the Hotel Crillon at 11 A. M. that the Italian representatives were coming to call on Col. House. The latter was just leaving, however, and was unable to return.

The Japanese and Chinese representatives presented their respective cases yesterday afternoon.

### Italy at Outs With Other Allies

(By United Press)

Rome, April 23.—The Paris correspondent of the Tribune reported today that the Italian delegates will not attend the meeting with the German peace delegates at Versailles. The correspondent confirmed the failure of Monday's conversations and characterized the situation as "grave." The representative of the Courriere D'Italie at Paris said that while reports of Italy's withdrawal from the peace conference are authoritatively denied, a rupture in the sense that Italy is no longer in agreement with the other allies is probable.

#### JULES VEDRINES

Noted French Aviator Killed When Machine Falls.

Jules Vedrines, a noted French aviator, was killed when his machine fell in the Department of Drome, while Vedrines was attempting to make a nonstop flight from Villacoublay to Rome.

### CRIMEAN STRIFE ENDS

French Sign Seven-Day Armistice With Anarchists.

Official Red Communication Admits Allies Are Advancing in Murmansk Region.

London, April 23.—The Bolshevik and French armies in the Crimea have signed a seven-day armistice, a dispatch to the Evening News reported. Just before the agreement was reached on Saturday, the French retook Tarnopol, just outside of Sebastopol, at the point of the bayonet. The Monday Bolshevik official communication, received by wireless from Moscow, admitted the loss of Vilna, together with an Allied advance in the Murmansk region.

In the region of Shenkursk, artillery bombardment of Grishinskoye continued," the statement said.

In the Murmansk the enemy occupied Petrovki. In the region of Vigozor, the enemy's attempt was frustrated. On the Vilna front a huge enemy attack broke through and they captured the town.

### ARMY SYSTEM OF JUSTICE WRONG

Colonel Ansell Continues His Attacks Upon Existing Court-Martial Methods.

### FAVORITISM IS SHOWN

Witness Before Bar Committee Asserts That An Enlisted Man Does Not Receive Same Consideration as An Officer.

Washington, April 23.—Continuing his attack upon the army system of justice before the investigating committee of the American Bar association, Lieut. Col. Ansell, former acting judge advocate general, reiterated that the existing system was derived from days when "common soldiers" were the vassals of the king, and failed to recognize the soldiers as citizens of the state, and declared it was the natural result of such a system that an officer case should be built up.

Discrimination Charged. Declaring it a fact that the enlisted man did not receive the same consideration of his rights under the system that officers enjoyed, Colonel Ansell argued that the only remedy lay in writing into the law the guarantees of the rights of the soldier. While this is left to regulations to be prescribed by the President, he said, it cannot be effective. "The attitude of the army," he added, "has been intolerant toward those methods necessary to justice. They do not take kindly to legal restraints."

Congress Should Provide.

"Congress cannot command the army," Colonel Ansell declared, "but Congress should prescribe the rules for its discipline. If you are going to have any law worthy of the name, you will not get it by committing it to departmental regulations. If it is to be left there, all this agitation will have been in vain."

Different Footing for Legal Officers.

In submitting his own recommendations, Colonel Ansell reaffirmed his belief that the legal officers of the army ought to stand on a different footing from any other part of the staff, not subject to military domination. If the line officers would "broaden out," Colonel Ansell said, they would soon abandon the slogan "you can't have justice in any army."

In the course of his argument Col. Ansell said he "would have thrown into the wastepaper basket" the bills submitted by the War department more than a year ago authorizing the president to review and revise court martial findings or sentences. "Had that bill passed," he said, "you would have the judge advocate general reporting to the chief of staff, the ultra military man of the army."

### WHEAT WILL REMAIN HIGH

Duluth Man Predicts Price Will Never Drop to \$1.

Spokane, Wash., April 23.—That less than dollar wheat will never again be seen by the American farmer, and that during the transitory days from war times to a peace basis the price of wheat will hover around the \$2 mark, is the opinion of A. D. Thomson of Duluth, Minn., who is visiting here.

"The American farmer used to look at the dollar mark and wonder when he would receive a dollar for his wheat," said Mr. Thomson. "In the future a dollar will be the minimum price which the American farmer will receive, according to my best judgment."

### BIG CALL FOR ICE CREAM

Manufacturers Believe Prohibition Will Boom Industry.

Washington, April 23.—July 1 and national prohibition will see the beginning of a rush of dollars into candy and ice cream manufacture.

More than a half billion dollars will be tied up in ice cream making alone when prohibition begins its second year, say experts in that industry.

Manufacturers expect a demand equivalent to four gallons for each person in the United States. Consumption now is less than two gallons per capita.

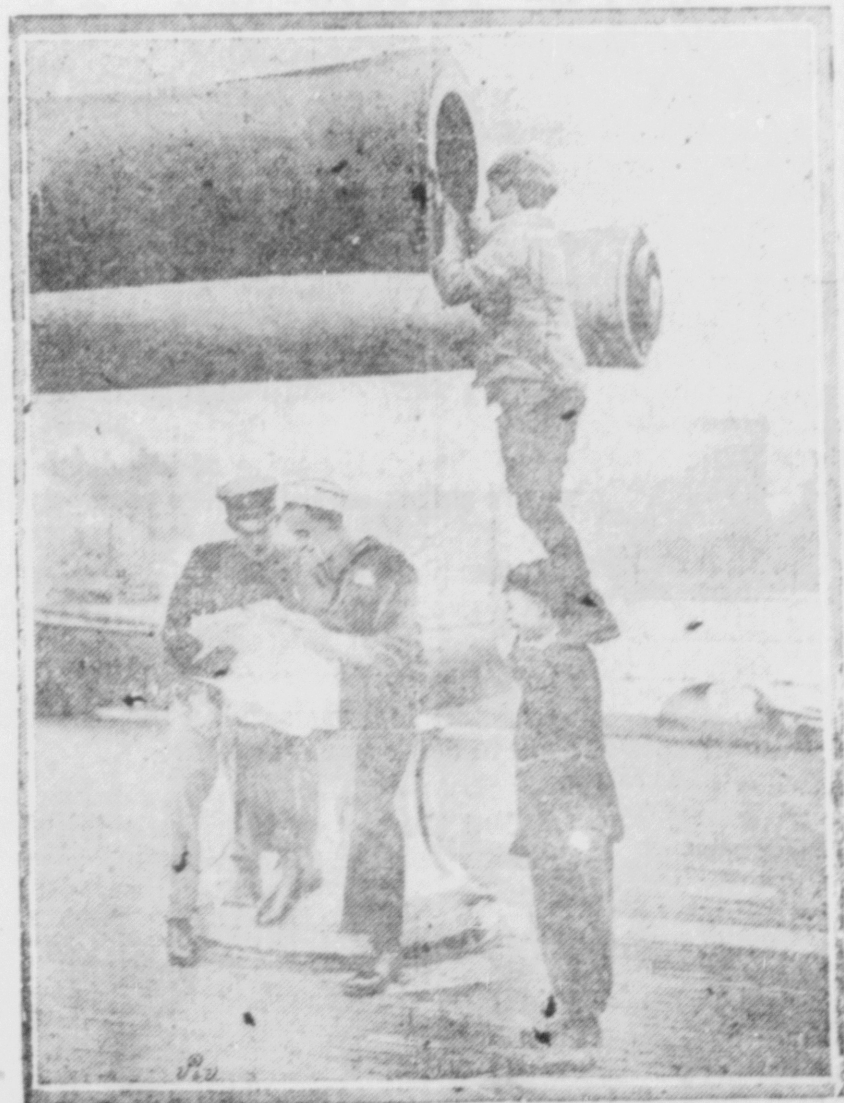

### WIDER DISTRIBUTION OF LOAN

Indicated by First Returns of Sales in Campaign.

Washington, April 23.—Wider distribution of the Victory Liberty Loan than its four predecessors was indicated in first reports to the treasury officials from small communities. Sales, however, were smaller.

Distribution is what the treasury heads want, believing the greater the distribution the less the resale after the campaign closes, hence a firmer bond market.

### Inspecting 14-Inch Guns Under Difficulties

"Gee, Mike, it's great. Jes' a minute till I get another look, then I'll hold you." From this you understand that seeing exactly how a battleship is put together and works is easy if you have a bit of ingenuity. These two youngsters were some of the many visitors who went aboard the battleship New York, which, with 193 other warships of the Atlantic fleet, recently anchored in the Hudson River. Mike and Pete are telling all their pals now all about 14-inch guns.

### Secretary Glass Looking Over V Loan Posters

Twenty thousand designs for Victory Loan posters were submitted in a contest for school children throughout the United States. After the judges had chosen what they considered the ten best they were submitted to Carter Glass, secretary of the treasury. He is seen here looking at the one he thought the best.

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages and  
that is catarrh. Catarrh being great-  
ly influenced by constitutional con-  
ditions requires constitutional treat-  
ment. Hall's Catarrh Medicine is  
taken internally and acts thru the  
Blood on the Mucous Surfaces of the  
System thereby destroying the founda-  
tion of the disease, giving the pa-  
tient strength by building up the  
constitution and assisting nature in  
doing its work. The proprietors have  
so much faith in the curative powers  
of Hall's Catarrh Medicine that they  
offer One Hundred Dollars for any  
case that it fails to cure. Send for

## Country Warned of Timber Shortage

(By United Press)

Washington, April 23—Warning  
the country of a coming timber short-  
age and the acute paper situation  
Percival S. Ridsdale, secretary of the  
American Forestry Association, to-  
day gave some startling facts as to  
conditions confronting the United  
States following the war. Ridsdale,  
who has just returned from France,  
where the offer to aid in reforesting  
that country was accepted, said:

"War reached its hand to the far-  
thest corners of the earth and the  
reckoning of a settlement is now  
puzzling the brains of the world. In  
round numbers the cost of the war  
to the world is placed at 197 billions  
of dollars. The secretary of war has  
said that every child born for the  
next one hundred years will have a  
part of the bill to pay. What are we  
doing to lighten that burden?"

In no field did the hand of war  
reach farther or do greater damage  
than in forestry. Pictures of the de-  
vastation in France are familiar to  
all of us. A fight went on in other  
quarters of the globe to satisfy the  
call of war that was just as over-  
whelming as that of the battle line.  
The sound was the crashing to earth  
of timber trees and the whirl of the  
saw.

"New England is no longer self  
supporting in timber resources.

"A timber area in Minnesota,  
equal to that of Massachusetts, was  
wiped out by fire last fall, with but  
passing notice.

"Had the war come fifteen years  
later, we would have been hard put  
to meet the call for lumber.

"Southern pine manufacturers  
state the bulk of the original sup-  
plies of yellow pine in the south will  
be exhausted in ten years and 3,000  
lumber plants will go out of exist-  
ence.

"It is estimated that for every forty  
billion feet board measure of mer-  
chantable lumber seventy million feet  
are wasted in the field or at the mill.

"We have all seen our newspapers  
jump in price against the will of the  
publisher. Ask the first newspaper-  
man you meet about the cost of white  
paper and he will tell you the ques-  
tion in his nightly nightmare. Paper  
conservation should be taken up  
in the schools, as it has by thousands  
of business concerns. The situation  
is acute.

"The American Forestry Associa-  
tion, through its campaign for plant-  
ing memorial trees, is educating the  
American people to the value of for-  
estry. The association aims to regis-  
ter every tree planted and a marker  
has been designed for these trees.  
Plans are also going forward for tree  
planting on a wholesale scale, so that  
our forests may be replenished before  
it is too late.

"Just how acute the situation is  
may be seen in the warning by Col.  
Henry S. Graves a vice-president of  
the American Forestry association  
and forester of the United States. He  
puts it this way:

"The experience of the war called  
sharp attention to the condition of  
our remaining timber supplies. The  
bulk of the material for general con-  
struction was obtained from a few  
large centers of original forest, often  
involving long rail hauls and high  
cost. Extreme difficulties were en-  
countered in obtaining promptly and  
adequate supply of specialized pro-  
ducts, like some of the high grade  
hardwoods. If the emergency had  
come 15 years from now we would  
have had very great embarrassment  
in obtaining even the lumber needed  
for general construction, except at a  
great sacrifice in time, cost and  
wrecking of the railroads.

"The planting of Memorial Trees  
as suggested by the American Forestry  
association is of the greatest edu-  
cational value in directing attention  
to forestry. Large forest areas  
should be planted, not only this year  
but every year. We fought to estab-  
lish the frontiers of freedom, but  
what are we going to do about main-  
taining those frontiers. The forests  
of France kept the Hun from reach-  
ing Paris. Will our forests keep the  
scourge of flood and desert waste  
from overwhelming our land? We  
must answer now the call of the chil-  
dren who will be born in the next  
hundred years."

## Violin "Camouflage."

The word "feet" is of Latin origin,  
and means made, or manufactured. It  
was in general use by the Cremona  
violin makers; and has been copied by  
modern makers, chiefly for deception.  
The modern imitators of old violins re-  
tained the old form of affixing the date.

## He Escaped Influenza

"Last spring I had a terrible cold  
and gripe and was afraid I was go-  
ing to have influenza," writes A. A.  
McNeese, High Point, Ga. "I took  
Foley's Honey and Tar. It was a  
sight to see the phlegm I coughed up.  
I am convinced Foley's Honey and  
Tar saved me from influenza." Con-  
tains no opiates. Good for children.  
H. P. Dunn.

## Perfection in Dress

Every woman likes to know that she  
is well groomed. In the purchase of a  
coat or suit bearing the Printzess label  
you are sure of perfection in every de-  
tail. The quality of the material, the  
fine tailoring, the modish style and mod-  
erate price, all combine in happy unity.

A visit to our garment department

## High War Prices Are With Us Yet

With fighting ended, the troubles war brought us did not  
stop.

During the war the telephone companies, like most other in-  
dustries, were hit hard by high prices for equipment and by the  
loss of trained employees.

Now our former employees are gradually being released from  
military service and resuming their old positions.

Although the price of telephone equipment is still very high,  
we are able to obtain it more promptly than a few months ago.

Our plant facilities, which during the war were extended only  
for urgent needs, are gradually being restored to a normal  
condition.

And telephone service, too, is steadily improving and getting  
back to our pre-war standard.

But the cost of furnishing telephone service is much more  
than it was when the war began.

And high prices for equipment and generally high operating  
expenses are problems we shall no doubt have to meet for several  
years.

## NOW--THE TRUE TEST OF PATRIOTISM

Under the stress and terror of war it didn't take a great deal of patriotism to buy Bonds.

But your bonds helped crush German militarism, brought Victory and again we are at peace.

Now, when the enemy no longer threatens, you are put to the true test of patriotism.

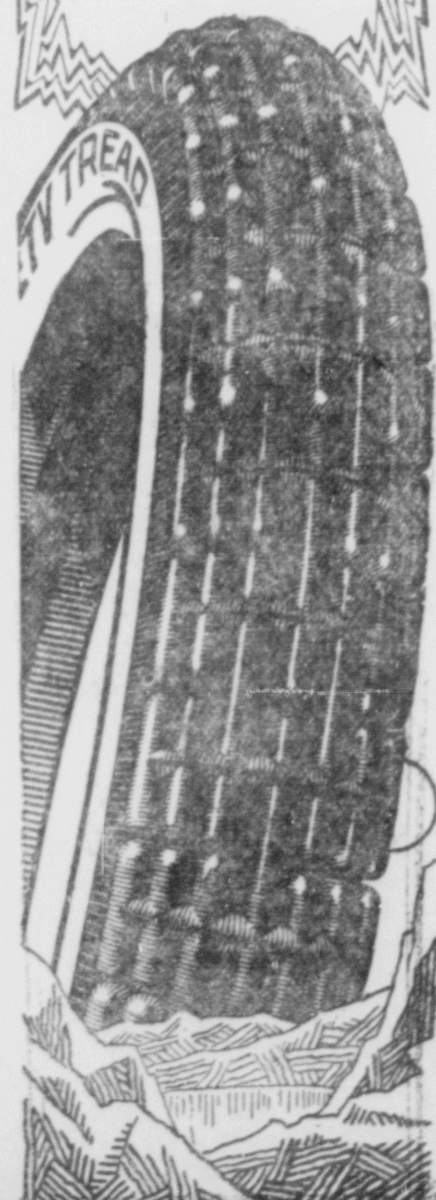

Be the first to subscribe—show the peoples of the world that America can finish the job in the glorious manner in which her army and navy overcame every obstacle before them.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## New Hankies and Hosiery

By MARGARET ROHE  
Written for the United Press

It's just the little things in life That make for joy or make for strife And so small touches here and there Can make or mar the things we wear.

A perfect toilette, by a hat Can be quite spoiled and rendered flat. It can be blasted by a boot Or e'en a hankie for the snoot. So choose small things with greatest care If you'd look right in what you wear.

New York, April 23—Spring is here! Noses are necessarily demanding and receiving much attention these days. You might say they are again or still in the running. Consequently the handkerchief as a distinctive adjunct of the smart new costumes are not to be sneezed at. They are decidedly smart and up to sartorial snuff this season. Color is their keynote. The white hankie pure and chaste, is reserved for formal dress occasions only. For all other blowouts, the tinted effects are being held up to all the very best noses, retromuse, Grecian, Hebraic or Roman.

Delicate pastel shades are most popular this spring, rather than the more violent tones of last season. The sheer linen and lawn squares are either in an all-over solid tint or bordered in a contrasting color. Great care must be exercised in matching up these tinted hankies with your prevailing costume, color scheme and complexion.

Quaint embroidered motifs, a basket of fruit, a gaudy butterfly, a winging bird, a tiny garland effectively brightens one corner, unless an artistic and highly colored monogram has a place on said corners.

The tri-color touches are much in evidence in the best mouchier make-ups, especially in the embroidered motifs and tinting the tiny rolled hems. You can get your tricolor effect quite as patriotically with a two toned handkerchief of blue and white, provided you are wearing the nose red these vacillating days.

From nose to toes is some sheer drop. These terms are typically descriptive of the new Spring hosiery. Sheer is the word to best portray their unutterable diaphanousness, over which drop stitch stripes run up and down and round and round in reckless abandon. With low black shoes, white, tape beige and black and white striped effects are worn, as well as the openwork and drop stitch striped hose of plain thin black. With the tan, beige and grey suede oxfords and pumps, the hosiery is all perfectly matched up. Even in the tinted stockings, however, the drop stitching and peek-a-boo effects prevail. This is indeed an open season for hosiery, even if all the lace work is going to ruin an erstwhile perfectly good cache for the powder puff and bank roll. To the ubiquitous summer mosquito this open lace work makes a prodigious promise of much fatted calf.

The very delicate openwork that demands we shoe the mosquito, demands also that we shoe the foot as well. Like their human prototypes, the best shoe vamps will continue to be long, sleek and sinuous—sort of Theodoraish, as it were. If we must vamp, we must go the limit and keep always to the point. The short chunky vamps of the Parisian boulevards we will have none of. We continue to toe the fashionable mark long and acutely and the footprints we are leaving upon the sartorial sands are certainly some feat.

Oxfords with Cuban heels in tan or black kid, either dull or patent, are smartest for walking and tailored needs, but when you would put the best foot foremost you must do so in smart French-heeled pumps of black patent kid or satin, grey or beige suede, fairly glittering with huge buckles of cut and polished steel or gleaming silver. Ornate buckles of rhinestones and brilliants enhance the long pointed charms of the satin and metallic cloth slippers for evening wear.

## IRONTON WOMAN SHOWS HER NERVE

Drives Off Three Enraged Austrians With an Empty Revolver, Saves Her Husband

### HAD ASSAILED HER HUSBAND

Mrs. Benjamin Sheets the Heroine. Saved Lives of Mr. Sheets and a Neighbor, Mr. Briggs

Mrs. Benjamin Sheets, one of the proprietors of the Cuyuna Range Miner at Ironton, demonstrated the stuff that Uncle Sam's daughters are made of Sunday when she drove three big Austrians off the premises at the point of an unloaded revolver.

The three men were apparently trying to buy liquor at a place two doors south of the Sheets home and, failing to do so, used profane language. Sheets yelled for them to quit and another neighbor, Briggs, tried to stop the men. Words having no effect the two men tackled the Austrians and were soon in a fair way to be sent to the hospital, when Mrs. Sheets appeared with the revolver. Making straight for the Austrian who had her husband pinned to the ground she poked the gun under his nose and he ran. Then she went to the assistance of Briggs, and the other two who had Briggs in bad shape also up and fled. Officers are looking for the men while the plucky woman is being congratulated.

## COMMUNITY SHIPMENT OF WASTE PAPER

Fostered by the Brainerd Chamber of Commerce, the community shipment of waste paper has grown from an experiment to a habit and the plan of saving waste scraps of paper is now firmly established.

At the time of the last shipment street's leading to the waiting car on a siding near were crowded with every kind of a conveyance for the transportation of paper. There were kids with express wagons, coasters, wheelbarrows, etc., threading a maze of trucks, drays, buggies, all loaded with paper carefully sorted into newspapers, or magazines, etc. Each lot was weighed and the city weighmaster had to put in a hurry up call for more weight receipts to handle the business. A picture was taken of the whole motley crowd.

### SURPRISE FIVE BOYS

Three Young Men Welcomed Home from Service in France—Two Surprised on Birthdays

A large number of young people gathered at the home of Mr. and Mrs. Frank Fredstrom Thursday evening, to extend a hearty welcome home to three young soldiers, who have just returned from overseas duty, being Andrew Anderson, a cook in the army, Sergeant Arthur Benson and Bugler Albin Fredstrom, of the 27th Division. They also surprised Carl Dahl and Walter Fredstrom, the occasion being their birthdays. In a pleasing presentation speech Harold Nelson presented each one with a gold stick pin on behalf of the many friends present. The hostess served a delicious luncheon and all enjoyed a pleasant evening in games, music and conversation.

### Harmony Circle

The Harmony Circle of the Swedish Bethany church met at the home of Mr. and Mrs. Arthur T. Anderson last night and made a beautiful quilt which they will donate to the Ladies' Aid to be sold at their auction on Friday, May 2. They also enjoyed a social time and lunch.

### NO TROUBLE SINCE

Mr. Ellison's Statement is Most Convincing Evidence

When Mr. Ellison endorsed Doan's Kidney Pills he told of having received complete relief. Now Mr. Ellison tells how years have passed without any return of kidney trouble. Results that last are results that count. Brainerd people should gain by the experience of Chas. Ellison, 512 S. Quince St. He says: "My kidneys were disordered for several years and I seemed to gradually get worse. Nearly a year ago I was taken with awful pains in my back. I had to stop work and go to bed. Medicine patched me up somewhat and I got out in a few weeks but still had the old trouble and suffered severely. I began to take Doan's Kidney Pills and a few boxes put me in good shape. I could then work comfortably."

On November 5, 1917, Mr. Ellison said: "The cure Doan's Kidney Pills made for me some years ago is still permanent. I am glad to again recommend them."

## Paris Lacks Pep; Still Clings to War Ways

(By United Press)

Paris, April 5 (By Mail)—Paris once the gayest of all capitals, has been comparatively—only comparatively—sedate for so long that it is now experiencing difficult trying to get into its old peppy ways since the ban was lifted slightly as to 9:30 cafe closing.

It is now permitted to keep the cafes open until 10:30 o'clock, and music, taboo during the war, is also in full blast.

But Paris had hard work trying to get used to the new arrangements after more than four years of 9:30 closing. Paris got the extra hour for dining and wine the latter part of March. The cafes were informed, however, that they could not use any more electricity for lighting than had been allowed previously, and that if the daylight saving law would accomplish the economy, well and good. So gay Paris started staying out a little later at night. But it took some time for it to get readjusted. At 9:30 the usual crowds of diners were vanishing. Gradually they edged up to 10 o'clock, but it was rare for very many cafes to be crowded past that hour.

Paris barred music and dancing during the war as unseemly. Dancing hasn't come back yet, though some of the small cafes are gradually resuming.

## Cannibals to See Selves in Movies

(By United Press)

Los Angeles, Cal., April 22—Hungry island cannibals are going to see themselves as others see them.

Martin Johnson, who won prominence by invading the South Sea islands with a motion picture camera and getting films of the cannibals in their native haunts, has started back to Hungry Island with his films.

He's going to show them to the cannibals and see what happens.

### OLD PAPERS—5c BUNDLE

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

## BAD OUTLOOK FOR PEACE TREATY

While the Germans have been notified to come to Versailles to sign the peace treaty as far as it effects the German empire, it now looks as if the allies themselves were going to quarrel over the disposition of some of the conquered territory. They all agreed that it should not be returned to Germany and Austria but President Wilson insists it should be left to the people themselves to determine who their rulers should be, while Italy and Japan insist they be given the territory promised them by secret treaties when they entered the war.

Under the terms of the treaty with Italy the important city and port of Fiume on the east coast of the Adriatic was promised to Italy, and while the city itself probably contains a majority of Italians all the surrounding country is almost entirely Slavonic, and the Slavs insist that it be given to them, especially as it is their only seaport. Dalmatia is also three-fourths Slavonic and this was also promised the Italians.

Japan on the other hand was promised the Chinese concessions of Germany which she captured from the Germans early in the war, and now insists the promise be made good, although the territory is clearly Chinese.

It is hoped these two powers will see reason and not wreck the peace treaty for what looks like loot.

## GOPHER GUNNERS HOME MAY 6

Regiment Will Remain in Twin Cities Two Days.

Washington, April 23.—The 151st Field Artillery probably will arrive at Minneapolis the morning of May 5 or May 6. A definite statement could not be made at the war department.

"The regiment will remain in the twin cities two days, one day in Minneapolis and another day in St. Paul," said Colonel McAndrews. "The mayors of these cities will be notified by the debarkation officers at New York four or five days in advance when the regiment will arrive, so that finishing touches may be put on the welcoming program."

## PUTS TAX ON CHILD LABOR

Internal Revenue Bureau Places Regulations in Effect.

Washington, April 23.—Federal supervision of child labor, amended when the Supreme Court last year declared unconstitutional the existing child labor law, was re-established under regulations issued by the Internal Revenue Bureau putting into effect the new revenue act's tax on child labor products.

The regulations interpret various provisions of the law which levies a tax of 10 per cent on net profits of any concern employing children under the specified ages.

## BRAINERD BOY HELPS WIN CUP

C. R. Fogelstrom, Seaman, One of the Undeclared U. S. S. Arizona Race Boat Crew

## WON BATTENBURG CUP RACE

Winning From Boats of Arkansas, Nevada, North Dakota, Delaware, Mississippi, New York

A Brainerd boy, C. R. Fogelstrom, seaman, has the honor of belonging to the undefeated race-boat crew of the U. S. S. Arizona which on April 6 won the Battenburg Cup Race, repeating its victory of July 4, 1918; winning this year from the boats of the Arkansas, Nevada, North Dakota, Delaware, Mississippi, New York, Pennsylvania, Texas, Utah and Wyoming, in short, the Arizona crew is famous in the world of sport as champion of the Atlantic fleet.

The challenge cup was originally presented by Prince Louis of Battenburg, and is the premier racing trophy of the American navy.

For the past year it has been held by the U. S. S. Arizona.

Here is the winning race-boat crew of the U. S. S. Arizona:

Bow—J. F. Stein, Sea.  
 Port 5—F. B. Rehner, G. M. 1c.  
 Starboard 5—L. Patterson, Q. M. 1c.  
 Port 4—C. M. Archibald, B. M. 1c.  
 Starboard 4—T. D. Gerber, G. M. 1c.  
 Port 3—E. Erickson, B. M. 1c.  
 Starboard 3—E. A. Rucht, B. M. 2c.  
 Port 2—C. R. Fogelstrom, Sea.  
 Starboard 2—J. G. Stein, Cox.  
 Port 1—W. P. Moulard, Sktr. 1c.  
 Starboard 1—F. Furch, Yep. 1c.  
 Stroke—C. G. Rook, B. M. 1c.  
 Coxswain—J. D. Eldridge, C. M. A. A.

Officer in charge of race boat—Lt. B. R. Holcombe, U. S. N.

The Battenburg race cup is a trophy two feet six inches high, of solid gold and worth \$25,000, says Seaman Fogelstrom.

On April 6 a smoker was given on the Arizona at Guantanamo Bay, Cuba. Ward Rooms, Junior Officers, Warrant Officers and Chief Petty Officers welcomed the visitors to their respective messes.

The menu served included sandwiches of minced turkey, minced ham and peanut butter, cake, olives, pickles, punch "A la Calmanera," cigars and cigarettes.

The program carried five boxing numbers, the Arizona quartet, a dance by the "Royal Lillilokalani Tarantellas" and a recitation.

The last page of the program carried an appreciation of the boat crew as follows:

**TO OUR BOAT CREW**  
 There is not a man in our ship's company who will not swear by each member of our Race Boat Crew. They have all worked hard the past two years and their efforts have not been unrewarded. Officers and men of this ship thank you Eldridge (he was coxswain) and all your crew for the glory you have brought the Arizona.

In his letter to his friend Axel Anderson of Brainerd, Fogelstrom enclosed many pictures of the boat crew, the cup, etc. On April 9 the whole fleet left Cuba bound for New York. The old ships like the Keary, Kentucky, Illinois, Alabama and Wisconsin left twelve hours ahead of the Arizona. All were to arrive at the Hudson river at the same time.

When about 300 miles at sea, the Arizona got a wireless to leave the fleet, proceed to Hampton Roads, Va., at all possible speed, fuel up and be ready to sail for Brest, France, at a minute's notice. The Arizona was detailed to escort the U. S. S. George Washington back to the United States when ready.

Young Fogelstrom was disappointed.

## How Big Is One of the Idaho's 14-Inch Guns? Three Husky Gobs Find Muzzles Are Roomy

Just how big are those 14-inch guns on the battleship Idaho, the latest addition to the United States navy and the most powerful fighting ship in the world? Fourteen inches is two inches more than a foot, but that doesn't mean much. This photograph gives a very good idea.

Into the muzzles of three of these monster guns, mounted in the forward turret, three husky "gobs" have crawled and they have plenty of room to move around.

## Campaign on to Abolish Direct Primary

(By United Press)

Washington, April 23.—The campaign in numerous state legislatures to abolish the direct primary system in favor of the old convention plan apparently is not gathering great support among the congressmen generally.

Out of a score of congressmen, asked for their views on the comparative merits of the two systems, only two declared in favor of the convention plan and both of these refused to talk for publication. Both have been numbered among the opponents of the primary system from the time it was suggested.

Nearly all the others while declaring for the principle of the primary, advocated some change in the particular law in force in their home state. The argument of primary opponents that the primary has lowered the standard of ability in Congress was met with the reply from congressmen that the standard has not been lowered and they pointed out that since the advent of the primary Congress has passed such measures as the Federal Reserve Act, the Parcel Post Act and Rural Credits Law.

Here are some of the typical expressions:  
 Rep. Baer, N. D.: "The reactionary politician cannot control the primary elections and therefore he wants to get back to the old boss ridden convention system."  
 Rep. Knutson, of Minnesota, new Republican whip: "The primary system is preferable to the old convention plan because it gives the average voter a larger voice in the affairs of his party."

Rep. ard, Ohio: "We have had the primary system in Ohio for many years and I certainly hope we shall keep it."  
 Those close to the president say that he also favors the primary system of nominations.

## CRAFT NEARING NEW YORK

One German Submarine Will Steam Up Mississippi River.

Washington, April 23.—Four captured German submarines now are 800 miles off the Atlantic coast, accompanied by the mother ship Bushnell and are due to arrive at New York April 26, for exhibition at various Atlantic ports in connection with the loan campaign. After the loan drive ends, one will go up the Mississippi river and one will enter the Great Lakes through the St. Lawrence river and Welland canal, to be stationed permanently at some lake port, probably Chicago.

**Boom for Senator Sutherland.**  
 Newcastle, Pa., April 23.—A boom for Senator Sutherland of West Virginia for Republican candidate for president, was launched here when application for a charter for the Sutherland alliance was filed in the county court.

**Czechs Buy American Planes.**  
 Budapest, April 23.—The Czechoslovak government has bought 25 American airplanes, a Prague dispatch said. Other planes will be purchased to the value of \$1,600,000.

**Tennessee Launching April 30.**

Washington, April 23.—Announcement was made by the Navy department that the superdreadnaught Tennessee, the first of 10 battleships authorized in the three-year building program of 1916, would be launched at the New York navy yard April 30.

**Champ Herman Shakes Johnson.**  
 Trenton, April 23.—Bantam Champion Pote Herman shaded Patsy Johnson, a local boy, after eight fast rounds of milling at the Trenton A. C.

## AMUSEMENTS

At the Park Today

Pauline Frederick, the beautiful and talented Paramount star, is one of the best known motion picture players in the country. Her career has been one of unusual activity and as a motion picture star she has appeared in more diversified characterizations perhaps, than any other screen artist before the public.

Miss Frederick was an actress on the stage for many years before she entered the silent drama and her success in the legitimate was remarkable. Her first screen appearance was in the superb Paramount production of Hall Caine's great novel of "The Eternal City," which scored an immense success and which recently was re-issued by Paramount in response to a popular demand for its reproduction.

Miss Frederick's remarkable portrayals of the heavy Sardon roles in Paramount pictures, notably "La Tosca," immediately made her a popular favorite. A versatile actress, her art distinguishes each new portrayal she attempts. In her latest Paramount photoplay, "Paid in Full," which will be shown at the Park theatre today, she adds another charming impersonation to her already large and justly famous gallery of film portraits.

At the Best Tomorrow

Photoplay theatre patrons will be interested to know that Dorothy Dalton, the brilliant Thomas H. Ince star, turns the tables on a familiar dramatic situation in "Hard Boiled," her new Paramount picture that will be shown at the Best theatre tomorrow.

Instead of the little country girl being stranded in the city and having to work out her salvation, she plays the part of a big city girl—the prima donna of a musical comedy company—stranded in a decidedly hick town. The small town has lurid temptations for the metropolitan miss as the great city has for the unsophisticated lass. That it is a greater problem to make a livelihood in the country by a girl trained to the way of crowded streets than it is in the city by a girl from the farm, is convincingly portrayed.

Chaplin Completes "Sunnyside"

Despite the fact that the depression of war clouds hung heavy over humanity's brighter thoughts, motion picture history proves that Charlie Chaplin broke through the pall with a wonderful bit of joyous relief when he produced that master comedy "Shoulder Arms."

Amid the rejoicing over "Peace" comes a timely exemplification of sunshine and merriment in the completion of Mr. Chaplin's current picture "Sunnyside," to be seen in Brainerd soon.

It is said that never was a production more appropriately named, never was a beautiful name more charmingly justified.

The fascination of this rural tale has taken the "eminent expressionist" far away from the usual screen conventionalities, leaving him free to roam and romance the green fields of simplicity.

While "Sunnyside" smiles a welcome to the occasional visitors from the outside world, some few of the meagre population have developed personalities whose self-centered ideas held little consideration for life beyond their all-proud village. But among them is one in whom the splendor of sunshine and youth has planted that delicious endowment, humor.

Of course that particular "one" is none other than Charlie, whose ingenious mirth not only refuses to falter at the seeming disappointments of a small-town fate, but masters the sting of menial duties by idealizing his common-place life.

In every sense "Sunnyside" is a true Chaplin comedy in which the legitimate transformation of a "cross-road's" existence into the realm of a "Mid Summer Night's Dream" makes of the effort one of the most marvelous conceptions of Mr. Chaplin's creative career.

Edna Purviance, leading woman, appears to advantage in her wholesome portrayal of the unsophisticated village lass. Other favorites in the cast are: Albert Austin, Henry Bergman, Tom Wilson, Loyal Underwood, Tom Wood and Parks Jones.

At the Park Friday

A dainty Belgian countess who objects to being made a pawn of state and sold in marriage to a dissolute German prince, is the captivating role essayed by Marguerite Clark in her newest Paramount photoplay, "Out of a Clear Sky," which will be shown at the Park theatre Friday.

Dangerous Practice.

Little Willie would hate to see his mother have to take in washing, but there is no telling what her faculty for religiously taking in his ears every time she wishes his face may lead to.

"The Man From Funeral Range"

How many innocent men have been hanged? This thrilling picture starring Wallace Reid revolves around that dramatic question of "should a lawyer get a man the death sentence when he secretly believes him innocent?" The lawyer says he does what he's paid for, same as other men. What do you say?

### BRAINERD WILL MAKE QUOTA

Bay Lake Township the First in the  
County to Make its Quota. Re-  
ported by L. P. Hall

Up to noon today Brainerd sub-  
scriptions to the Victory Liberty Loan  
had totalled \$130,000.

This included the shops which to-  
talled \$51,000 up to Tuesday eve-  
ning.

For two days, Monday and Tues-  
day, subscriptions were received at  
the city hall. Wednesday morning  
solicitors started out to canvass those  
who had not responded to the invita-  
tion to appear at the city hall and  
subscribe.

County Chairman Carl Zapffe and  
City Chairman Mayor R. A. Deise,  
are confident Brainerd will attain its  
quota within two days or less.

### Bay Lake First Township

Bay Lake is the first township to  
make its quota, as reported by its  
chairman, L. P. Hall. Bay Lake at-  
tained this same honor during the  
Fourth Liberty Loan campaign.

### ALFANSE S. KUBICKI, BRAINERD

German Alien Who Registered at  
Brainerd Police Headquarters  
in March, 1918

(St. Paul Pioneer Press)

Mystery surrounds the discovery  
Sunday of a rowboat in a clump of  
weeds in the Mississippi river near  
the South St. Paul Terminal bridge.

A suitcase filled with clothes was  
found in the craft and a registration  
card bearing the name of Alfansse S.  
Kubicki of Brainerd.

According to the card, Kubicki re-  
gistered at Brainerd police head-  
quarters in March, 1918, as a German  
alien.

The boat was found 200 feet from  
shore by Paul Lawrence, 173 Minne-  
tonka street, who notified the Duane  
street police station. As the inci-  
dent occurred in Dakota county, the  
case has been turned over to the  
South St. Paul police for investiga-  
tion.

## ROLL OF HONOR

Sergt. Floyd Warner, son of Mr.  
and Mrs. George H. Warner, has re-  
turned home from two years' war ser-  
vice. He served in Battery E., 77th  
Field Artillery and was in the thick  
of some of the heaviest fighting. In  
action in the Argonne Forest he was  
overcome by gas, a shell exploding  
near him. He was in the hospital  
two months and after recovering  
from the gas and burns was taken  
with the mumps. Enlisting in April  
two years ago, young Warner was one  
of the first Brainerd boys headed for  
the front shortly after the declara-  
tion of war.

Dave Nygren, with Co. M., 365th  
Infantry in war service in France,  
returned home this afternoon and  
was met at the depot by his wife.

Corp. Wm. D. Everest, Co. K., 40th  
Regulars, stationed at Camp Sher-  
man, Ohio, is enjoying a thirty day  
furlough, and at present is visiting  
his parents, Mr. and Mrs. W. H. Ev-  
erest, and other relatives.

Funeral in Brainerd

Remains of Mrs. A. J. Holm to be  
brought from Minneapolis Fri-  
day, Buried Here

The remains of Mrs. A. J. Holm  
are to be brought from Minneapolis  
Friday and buried in Evergreen cem-  
etery in this city. In years past she  
had resided in Brainerd with her hus-  
band, then pastor of the Swedish Bap-  
tist church.

She leaves three children. Four  
children and the husband he buried  
in the family lot in Brainerd and she  
will be laid beside them. Services  
will be held Friday afternoon at 3  
o'clock at the Whitney chapel. Rev.  
P. Alfred Peterson officiating.

In Minneapolis she was a member  
of the Bethel Swedish Baptist church.

Let the Children Grow

Coughs, colds, croup, that  
hang on tend to weaken the system  
and suffering, neglected child  
spends so much strength combating  
a cold that the little one cannot  
grow as fast and sound in body as  
when free from affliction. Foley's

coughs, colds, croup, whooping  
cough. H. P. Dunn.

## \$50,000 FOR THE 10,000 LAKES

That Amount Appropriated by Legis-  
lature to the Special Land and  
Lakes Attraction Board

### R. R. WISE IS MADE CHAIRMAN

Royalty Tax Defeated by One Vote—  
Much Satisfaction Expressed  
Over its Defeat

A message to R. R. Wise from St.  
Paul this afternoon announced the  
passage of the bill appropriating  
\$50,000 to the special Land and  
Lakes Attraction board, recently cre-  
ated, for the purpose of advertising  
the lakes section of Minnesota as  
well as for promoting the settlement  
of Minnesota lands. Mr. Wise was  
made chairman of this board and has  
taken an active interest in the work  
of the Ten Thousand Lakes associa-  
tion, of which he is a member of the  
executive committee.

Other action of the legislature in  
which local people are interested and  
in which Mr. Wise and other citizens  
took an active part, is the defeat of  
the proposed royalty tax measure  
which lost yesterday by a narrow  
margin.

Much satisfaction is expressed here  
over the outcome of these two pro-  
posed legislative measures, the pas-  
sage of the one and the defeat of the  
other.

Lost for Months, Beyond All Letters,  
Pvt. Frank Wickham, Be-  
lieved Dead

### WHOLE FAMILY IN MOURNING

As Last Resort Appealed to Red Cross  
Home Relief—Soldier Lad Came  
Home Unannounced

Lost for months and letters ad-  
dressed to him returned, the father  
and family of Private Frank Wick-  
ham of Deerwood, Route No. 1, had  
given him up as killed in the war.  
Three letters addressed to him gained  
no reply, and one letter was returned.  
When last heard from, Pvt. Wickham  
was at Camp Dick, N. J. One lone  
card had been received mentioning  
his landing in France in October,  
1918.

As a last resort the father M. W.  
Wickham, made application to the  
Red Cross local home service and a  
letter was written asking for infor-  
mation. That same evening Private  
Wickham swung off a train and  
walked home and surprised dad and  
the family. He was a member of the  
wagon supply company of the 135th  
Infantry, 34th Division and enlisted  
in Minneapolis in April, 1917.

Host, Committee on Luncheon  
and Entertainment Busy

White Cross Lodge No. 30 of the  
Knights of Pythias has taken in  
from 25 to 30 new members within  
the last few months.

Twelve of the new candidates will  
receive their third rank, the rank of  
Knight, on Wednesday evening, April  
23.

Pythias lodges of Staples, Aitkin,  
and Wadena have been invited and  
a large delegation is expected from  
those points. The committee on  
luncheon and entertainment will see  
to it that Wednesday night will be  
one long remembered by all.

### VISITED NEW YORK ELKS

## SEEDING REPORT OF THE COUNTY

Wheat Acreage Will Show a 20 Per  
Cent Increase—Soil is in Fairly  
Good Shape

### WINTER RYE IN FINE SHAPE

Seeding is About a Third Done—  
Sandy Districts Finished First,  
Heavier Soil Later

Seeding in Crow Wing county will  
equal in extent that of the war days  
of 1918.

Wheat acreage shows a 20 per cent  
increase.

The soil is now in fairly good shape  
excess moisture draining off.

Seeding is about a third done. In  
sandy districts it is about completed;  
where soil is heavier and where  
there is more moisture, seeding has  
been slower.

The county agricultural agent has  
had calls for farm labor. There are  
men asking for work, but preferring  
the cities. Average wage paid hired  
men \$50 a month and board and  
room.

Winter rye is in fine shape, an even  
stand four or five inches high.

There is no winter wheat in the  
county.

Potato planting not yet in progress.  
A normal crop will be put in.

The season in general this spring  
is later than last year.

## BASEBALL AFTER DARK. NOVEL GAME

Hays Minneapolis Cubs to Play Little  
Falls on Tuesday, May 6—  
Pete Newman Accepts

### LOCAL SHARE RECEIPTS TO ELKS

Game to be Played at Fair Grounds.  
Big Lighting System Illuminat-  
ing Grounds

Little Falls will play the "Hays  
Minneapolis Cubs After Dark" base-  
ball team on Tuesday, May 6, at the  
Morrison county fair grounds. The  
Hays people carry a big lighting sys-  
tem which makes the grounds as  
light as day.

All of the Little Falls' team share  
of the proceeds of the game will be  
donated to the fund being raised for  
the proposed Elks' home.

The "After Dark" Minneapolis  
team was also negotiating with  
Brainerd for a game, but they want  
75 per cent of the proceeds. A more  
equitable basis may be arrived at by  
Manager L. C. Street and a game con-  
tracted for at Brainerd.

## Flappers After Heroes

(By United Press)

London, April 5. (By Mail)—A  
"Front Line Chorus," composed of  
winners of Distinguished Service Or-  
ders and Military Crosses, is Producer  
Albert de Courville's happy innova-  
tion in the new Hippodrome revue  
"Joy-Bells." The war has killed the  
old-fashioned effeminate chorus man,  
and even the chorus girl has suffer-  
ed. Instead of maudlin rushing to  
see shapely shoulders and legs, the  
flappers will be after the military  
heroes. All the members of the chorus  
are demobilized officers, and sold-  
iers.

New Silk Petticoats

You'll like these. They are decidedly new. The materials  
are new. The colorings are most wanted. In every par-  
ticular they are the kind that will please even to the price.

Colored Silk Hosiery

The wanted colors too. Navy, over seas blue, mouse, grey,  
purple, green, brown and then there is both black and white.  
This real silk hosiery will cost you but \$1.59.

Georgette Pleatings

They are pretty. They are popular. They add so much to  
the appearance of the dress. They should be seen by every  
woman who desires the new.

New Street Cars  
to Keep Fares  
at Low Rates

(By United Press)

Detroit, Mich., April 19—The  
present-day electrically driven street  
car is on the way to the scrap-heap.  
The forests of poles, innumerable  
miles of wires and cables and power  
houses are doomed.

Street railway traffic will be revol-  
utionized by a new street car, moti-  
vated by a gasoline engine, all of its  
own. It will carry its own power,  
depending on no external agency.

Cost of operation will be reduced  
by about one half. Waste of power  
will be eliminated. There will be no  
"peak load" to worry about.

The above is in substance the be-  
lief of Charles E. Sorenson, general  
manager of the Ford tractor plant in  
Dearborn, Mich.

"Every engineer and railway man-  
ager knows that the present street  
car system is too imperfect to last,"  
said Sorenson. "Engineers condemn  
the present street railway system  
everywhere on the ground of ex-  
pense. It costs too much. Great dy-  
namos capable of carrying the 'peak  
loads' of modern traffic are required  
along with tons of costly cables, food  
wires and bands made of copper;  
great numbers of poles, cross arms  
and hangers.

"Besides that the weight of the  
motors compel more heavily construc-  
ted cars than the traffic really calls  
for. All this leads to street danger,  
the elimination of service that light-  
er, but fully as strong cars could per-  
form and all other inconveniences of  
which car-riders complain. Then the  
destruction wrought on underground  
conducts and pipes by electrolysis is a  
constant source of expense and loss  
that every department of public  
works knows.

"The modern electric car has been  
weighed in the balance of efficiency  
and found wanting.

Sorenson said his company was  
now at work on a gasoline engine  
which will supplant the electric mo-  
tor in street railway transportation.  
"This engine," he said, "will become  
the standard power equipment on  
street cars because, it is cheaper. The  
cost of operating a gasoline propelled  
car of the same capacity is 12 cents."  
To retain the old low rate of car  
fares, cars must be operated at a low-  
er cost and the gasoline driven car  
solves the problem Sorenson said.

NUXATED IRON

Helps Make Strong, Sturdy Men  
and Beautiful, Healthy Women

3,000,000 People Use It Annually  
As a Tonic, Strength and Blood-builder

MAKE THIS TEST

If you are not well or strong you owe it to  
yourself to make the following test: See how  
long you can work or how far you can walk  
without becoming tired. Next, take two five-  
grain tablets of ordinary Nuxated Iron three  
times per day after meals for two weeks. Then  
test your strength again and see how much  
you have gained. Numbers of nervous,  
run-down people, who were ailing all  
the while, have most astonishingly in-  
creased their strength and endurance  
in 2 weeks' time in many instances.

Nuxated Iron is not a secret  
from a bottle which is well known to druggists every-  
where. Unlike the older, imitative, iron products it is  
easily assimilated and does not injure the teeth, make  
them black nor upset the stomach. The manufacturer  
guarantees (and fully endorses) satisfactory results to  
every purchaser or they will refund your money. It is  
dispensed by all good druggists.

## SENDS MESSAGE TO EVA BOOTH

General Pershing Praises War Work Performed by the Salvation Army.

## PUSHED TO THE FRONT

Supplied Trained and Experienced Workers Whose One Thought Was the Wellbeing of Soldiers They Came to Serve.

New York, April 23.—General Pershing, in a cable message to Commander Evangeline Booth, made public here, warmly praised efforts of the Salvation Army to push its activities "as far as possible to the front" in the western war zone, with self-sacrifice second to none.

The message says: "The outstanding features of the work of the Salvation Army have been its disposition to push to the front, and the trained and experienced character of its workers whose one thought was the well-being of the soldiers they came to serve."

"While the maintenance of these standards has necessarily kept your work within narrow bounds, as compared to some of the other welfare agencies, it has resulted in a degree of excellence and self-sacrifice in the work performed which has been second to none."

"It has endeared your organization and its individual men and women workers to all those divisions and other units to which they have been attached and has spread their good name to every part of the American Expeditionary forces."

"Please accept this as a personal message to each of your workers."

## READY TO FIGHT FOR FIUME

Italy Would Oppose Whole World to Carry Point, Says Italians.

Chicago, April 23.—Prominent Italians here said Italy was ready to fight the world "to the last man if necessary," in order to get and keep Fiume, at a banquet having for its guest Maj. Gen. Leonard Wood.

Lieutenant Bruno Roselli of the Italian army, Count Giulio Bolognesi, Italian consul in Chicago, and others, characterized the reports of the alleged trouble at the peace table regarding the disposition of Fiume as an attempt to deprive Italy of the fruits of victory.

## STOLEN BELLS ARE FOUND

Germans Will Return Them to French Churches at Colmar.

Colmar, April 23.—Five bells taken from the churches of Colmar during the war by the Germans have been found in Frankfurt and will be returned to their old places. Four of the bells were from the Church of St. Martin, while the fifth was the great bell from the Church of St. Joseph. Valuable treasures stolen from the museum have been found in Munich, where they were taken by Bavarian soldiers.

## MICHIGAN GOES OVER TOP

Indications Are That Liberty Loan Is Oversubscribed.

Detroit, Mich., April 23.—Indications are that Michigan has oversubscribed its Victory Loan quota on the first day, F. R. Fenton, Federal Reserve director, announced here. Complete returns from eight counties and incomplete returns from 35 counties show subscriptions close to \$100,000,000. Twenty-five counties have made no report. The state's quota is \$110,925,000.

## SITUATION IS UNCHANGED

Council of Four Fails to Solve Italian Problem.

Paris, April 23.—The Italian situation remains unchanged, according to the authoritative announcement after the meeting of the Council of Four. The Italian premier, Vittorio Orlando, while not attending the session of the council, had a series of private conferences and arranged a meeting with Premier Lloyd George, with a view to seeking a plan of adjustment.
